## OPPORTUNITY DRAWING

The Lexus CT 200h marks the introduction of the first, and only, full hybrid vehicle to the core of the premium compact segment.

The new CT 200h represents the synthesis of five key Lexus attributes which offer customers an unprecedented experience in premium compact motoring: Lexus Hybrid Drive and the Lexus MUSTs; a unique driving character; the dynamic yet elegant styling inherent in the latest realization of Lexus' L-finesse design philosophy; Lexus' outstanding manufacturing quality and attention to detail; and the renowned customer service which lies at the heart of the Lexus ownership experience.

Marrying refined elegance to sporting dynamism, the CT 200h is a new embodiment of the Lexus L-finesse design philosophy. With a powerful new Lexus frontal design, sweeping lines which mimic the natural flow of wind over and around the bodywork and a purposeful, wide track stance, the new full hybrid is the perfect expression of compact precision and power. The CT 200h, which went on sale in March 2011, has 134 total system horsepower and has achieved EPA estimated fuel economy ratings of 43 mpg city and 40 mpg on the highway for a combined 42 mpg utilizing regular 87-octane gasoline. The Insurance Institute for Highway Safety (IIHS) announced the all-new Lexus 2011 CT 200h hybrid vehicle earned a "Top Safety Pick" award.
