Generously sponsored by

Business Networking Mixer and Membership Drive

at

Opening Remarks by

The Honorable Harry H. Horinouchi
Consul General of Japan

This Business Networking Mixer is designed to benefit executives and staff of small-to-medium sized companies. Join us to network and build professional business relationships with Japan America Society members and other business leaders. The networking reception will include a brief presentation to share the benefits of membership in the Japan America Society. Current membership includes 2,000 individual members and 140 corporate members. The Business Networking Mixer is just one example of the 50+ programs and meetings we offer each year.

Our venue, the **Toyota USA Automobile Museum**, which is not normally open to the public, showcases Toyota's most memorable automobiles. These vintage vehicles trace Toyota's amazing impact on America, starting as an unknown company in 1957, to becoming one of today's top-selling automakers.
