

Japan America Society of Southern California Presents

Fifth Annual

U.S.–Japan Green Conference:

# THE FUTURE OF ELECTRIC VEHICLES

The Electric Vehicle (EV) market and the commercial and industrial models planned in the next few years are well publicized. Progress of the electric vehicle industry continues to be transformed by breakthroughs in both design and technology. Join us for a panel presentation and discussion among leading experts in the EV industry who will share their experience and new technologies in industrial and commercial electric vehicles and the batteries that power them.

This conference is an official World Trade Week event that bring together professionals from a diverse group of small, medium and large companies, as well as entrepreneurs and government representatives.
