The Japan America Society of Southern California was founded in 1909 as a membership organization with the mission to build meaningful relationships among Japanese and Americans. The JASSC provides its members and the general public unique opportunities for individuals and corporations to become involved in the Japan-U.S. relationship.

Your participation in the 108th Anniversary Dinner & Gala will make educational programs possible that benefit children attending Title I programs (i.e., schools serving a high percentage of children from low-income families). The programs you will help make possible include - -

Hitachi Japanese Kite Workshops – “hands on” in-classroom workshops that provide a positive introduction to Japan and Japanese culture for elementary school students in the greater LA region. To date, more than 12,700 students have benefited from the workshops.

Japan Bowl® of California – an academic Japanese language competition for California high school students who have chosen Japanese as their foreign language study. It also tests the students' knowledge of Japan, the country, its people and its culture.

Fukushima Youth Cultural Exchange Program – a life-changing summer exchange program for children residing in children's homes (orphanages), located near the crippled Fukushima Daiichi nuclear power plant.
