

## JAPAN BOWL® OF CALIFORNIA

### - Webinar series for Japanese language teachers -

#### **BACKGROUND**

Japan Bowl of California is an academic team competition held on 2<sup>nd</sup> Saturday of every March, for students who are taking Japanese language courses in high schools located within California.

Participation has been steadily increasing over the past 5 years, however, still, many schools which offers Japanese language courses in California (or even LA County where JASSC is located) have not participated in this academic competition.

The monthly webinar series will be offered to encourage teachers to learn more about Japan Bowl in a casual and interactive environment, and to offer a platform where teachers can ask questions or share challenges they are facing to support their students study and prepare for the Japan Bowl.

We have selected the form of a webinar, so teachers from all over California can participate without taking hours out of their busy day to attend a monthly workshop.

The webinar series is generously sponsored by **Temple University, Japan Campus**, and teachers who register and participate in the webinar will be entered in a **raffle to win \$20 Amazon.com gift card** each week! The winner will be announced at the end of each webinar.

## **TARGET AUDIENCE**

Japanese language teachers who teach at high schools in California and have interest or considering to participate in 2018 Japan Bowl of California competition.

## **COST**

Free!

But you must pre-register for the webinar and attend to be eligible to win the \$20 Amazon.com gift card – courtesy of Temple University, Japan Campus
